OF A SEAT TYPE OR TYPES WITH REGARD TO ITS (THEIR)
STRENGTH PURSUANT TO REGULATION NUMBER 80

Approval number: E52*80R03/03*0013*00

1. Trade name or mark of the seat : DAMRONGSILP
2. Seat type : ELITA 550 DOUBLE
3. Manufacturer's name and address : Damrongsilp Supplies Co., Ltd.
95 Moo.1 Malaiman Road, T.Thungcok,
A.Songpheenong Suphanburi 72110,
Thailand
4. If applicable, name and address of the manufacturer's representative : Not applicable
5. Additional information
- 5.1. Brief description of the seat type, its attachment fittings and its adjustment, displacement and locking systems including the minimum distance between fitting points : Drawing 1

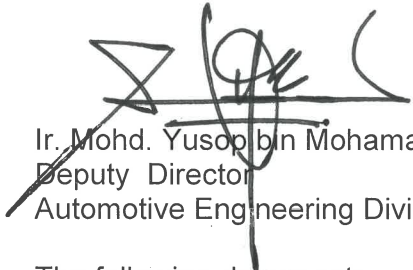

Approval number: E52*80R03/03*0013*00

- 5.2. Position and arrangement of seats : Double Seat facing forward
- 5.3. Seats, if any, which incorporate a safety belt anchorage : Double Seat
- 5.4. Energy absorption test of the rear part of the seat-back : Yes / No
- 5.5. Drawings showing the area of the rear part of the seat-back verified for energy dissipation : Drawing 1d
- 5.6. Seat approved in accordance with paragraph 5.1. of this Regulation (dynamic test) : Yes / No
- 5.6.1. Test 1 according to Appendix 1 : Yes / No
- 5.6.2. Test 2 according to Appendix 1 : Yes / No
- 5.6.3. Description of the safety-belts and anchorages used for the purpose of Test 2 : Not applicable
- 5.6.4. Type of auxiliary seat used for test 2 (if different from the type of seat approved) : Not applicable
- 5.7. Seat approved in accordance with paragraph 5.1. of this Regulation (static test) : Yes / No
- 5.8. Test according to Appendix 5 : Yes / No
- 5.9. Test according to Appendix 6 : Yes / No
6. Seat submitted for approval on : 23rd November 2019
7. Type of device : Not applicable
8. Technical Service, responsible for the approval test : TUV Rheinland Malaysia Sdn. Bhd.
No. 27, Jalan Para U8/103,
Metropolitan Business Park,
Seksyen U8, Bukit Jelutong,
40150 Shah Alam, Selangor,
Malaysia.

Approval number: E52*80R03/03*0013*00

9. Date of report issued by that Service : 14th June 2020
10. Number of report issued by that Service : 93-R80-01915-ELITA550DBL/20
11. Approval : granted/extended/refused/withdrawn
12. Position of approval mark on seat : On the seat fabric, beside the head rest area
13. Place : Putrajaya, Malaysia.
14. Date : 17th July 2020
15. Signature :

Ir. Mohd. Yusop bin Mohamad
Deputy Director
Automotive Engineering Division

16. The following documents, bearing the approval number shown above, are available on request : Not applicable

Type : ELITA 550 DOUBLE
Manufacturer : Damrongsilp Supplies Co.,Ltd.

TEST REPORT

according to UNECE-Regulation

**Uniform provisions concerning the approval of seats
of large passenger vehicles and of these vehicles
with regard to the strength of the seats
and their anchorages**

UNECE R80

including all amendments until

series of amendments: 03
Supplement 03

Previously granted	
UNECE - certificate	: ---

Structure of report

0. General information
1. Tested vehicle(s) / object(s)
2. Test record
3. List of Appendices
4. Statement of conformity

The Test Report shall be reproduced and published in full by the client only. It shall however be reproduced partially with the written permission of the Technical Service only.

Type : ELITA 550 DOUBLE
Manufacturer : Damrongsilp Supplies Co.,Ltd.

0. General information

- 0.1. Make (trade name of the manufacturer) : DAMRONGSILP
- 0.2. Seat Type (Variant) : ELITA 550 DOUBLE (RH, LH)
- 0.3. Seat for vehicle category : M3
- 0.4. Name and address of the manufacturer : Damrongsilp Supplies Co., Ltd.
95 Moo.1 Malaiman Road, T.Thungcok,
A.Songpheenong Suphanburi 72110, Thailand
- 0.5. No. of the information folder : UNECE R80-ELITA 550 DOUBLE
date of issue : October 23, 2019
date of last amendment : --

1. Tested vehicle(s) / object(s)

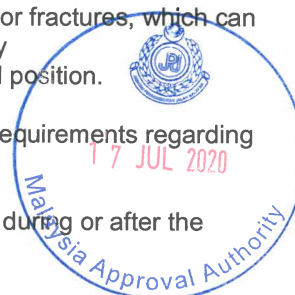

- 1.1 Description
- Vehicle / object : Large Passenger Seat
- Commercial description : DAMRONGSILP
- Type(s) / variant(s) / version(s) : ELITA 550 DOUBLE (RH)
- Identification number : PAS0188
- Condition of vehicle(s) / Object(s) : new, used, pretested
- 1.2. Worst case : The determination of worst case scenario was done according to QMA 1.301.005, section 6.2.2.2.
- 1.3. Remarks : Variant RH is symmetrical with LH
Test for variant RH covers for LH

Type : ELITA 550 DOUBLE
Manufacturer : Damrongsilp Supplies Co.,Ltd.

2. Test record

- 2.1. Equipment for measuring and testing : The test facilities / measurement equipment used were in compliance with the test requirements
- 2.1.1. Specifications for the test site : Damrongsilp Supplies Co. Ltd Laboratory
- 2.1.2. Subcontracting : Not applicable
- 2.2. Test results
- 2.2.1. Test results referring to measurements : See Appendix 1
- 2.2.2. Attributive tests : Test was done according to UN ECE Regulation No. 80.03, Clause 5.1 Appendix 5 and 6 (static test).
- The strength tests were only performed for vehicle category M3.
- 2.2.3. Alternative test provisions : Not applicable
- Remarks concerning extension : Not applicable
- 2.2.4. General requirements for all seats : The seat type is in compliance with the requirements of the regulation.
- 2.2.5. Adjustment and displacement devices : The seat type is in compliance with the requirements of the regulation.
- 2.2.6. Retention of the user by the seat in front : Not applicable
- 2.2.7. Risk of injury : The seat type is in compliance with the requirements of the regulation. See Appendix 1.
- 2.2.8. Resistance of the seat and the seat fixations : The seat type is in compliance with the requirements of the regulation.
- No parts of seat, seat fixation or, accessories
- a) dissolved completely
 - b) formed sharp edges or fractures, which can cause personal injury
 - c) abandon their locked position.
- 2.2.9. Constitution of the backrest and the accessories : The seat type meets the requirements regarding the prevention of injury.
- No sharp edges occurred during or after the testing.

Type : ELITA 550 DOUBLE
Manufacturer : Damrongsilp Supplies Co.,Ltd.

- 2.3. Additional information : The results of the test refer exclusively to the object(s) mentioned under point 1. of this report.
- Test site : Damrongsilp Supplies Co. Ltd Laboratory
- Test date : November 23, 2019
- 2.4. Remarks : Not applicable

3. List of Appendices

- Appendix 0 : List of modifications
- Appendix 1 : Test record static testing

4. Statement of conformity

The information folder mentioned under point 0.5 and the type described therein complies with the requirements in the above-mentioned on page 1.

With regard to the required level of performance to be achieved, the tested samples were representative for the type to be approved.

The tests were carried out in accordance with the relevant requirements of EN ISO/IEC 17025:2005 or EN ISO/IEC 17020:2012.
